

Harmony Mists Expands Its Botanical Ingredient Portfolio for Global Industries

Company News | 22 September 2026 | Author: Harmony Mists

Harmony Mists is strengthening its portfolio of botanical ingredients, aroma chemicals and specialty raw materials to support the evolving requirements of manufacturers and businesses across global industries.

Expanding Our Ingredient Portfolio

Our growing product portfolio brings together carefully selected botanical extracts, essential oils, carrier oils, aroma chemicals and other specialty ingredients designed for a wide range of industrial applications.

By bringing multiple ingredient categories together, Harmony Mists aims to provide customers with a convenient sourcing platform while maintaining a strong focus on product quality, consistency and reliable supply.

Supporting Diverse Industries

Our ingredients are suitable for applications across several industries, including cosmetics and personal care, fragrance and perfumery, wellness, aromatherapy, home care and other specialty formulations.

We understand that every industry has different formulation and sourcing requirements. Our approach therefore focuses on providing ingredient solutions that can be evaluated according to application, technical requirements and intended use.

Focus on Quality and Consistency

Quality remains an important part of our sourcing and supply approach. We work toward maintaining consistent product specifications and supporting customers with the information required to evaluate ingredients for their applications.

From botanical raw materials to specialty chemical ingredients, our objective is to build a dependable portfolio that supports manufacturers in developing and improving their products.

Building Long-Term Partnerships

At Harmony Mists, we believe that ingredient supply is more than simply delivering products. Reliable communication, consistent quality and an understanding of customer requirements are important elements of a successful long-term business relationship.

We continue to explore new ingredient categories and sourcing opportunities to serve the changing needs of our customers and industry partners.

Looking Ahead

As industries continue to evolve, Harmony Mists will continue developing its ingredient portfolio with a focus on quality, reliability and responsible sourcing.

For product enquiries, technical information or sourcing requirements, businesses can connect with the Harmony Mists team to discuss their specific needs.
